Macemacro is an international consultancy and construction company with projects in Middle East, Europe and Canada and now expanding to Asia. They provide facility management services for highly complex construction, property, from managing costs to maximising the workforce. Macemacro's clients have global presence and they need to support their clients in all regions.

PREVIOUS SETUP

Avaya CCR on premise since 10 years.

IMPERIUM DELIVERED

- Setup that can easily manage multiple contact centres from a single shared platform with all agents in a single location virtually.
- Flexibility for agents to work from anywhere and anytime
- Minimal down time with all system up and running on Cloud.
- Reduced dependency on physical infrastructure and hence mobility.
- Quick and easy system upgrades with no huge investments.
- Monthly and yearly subscription based payments.
- Multi channel integration for call, email and chat service in a single platform.

"The aim was to have different call centres in a single platform"

"Imperium made moving to cloud very easy for us"

"Cloud with a Call centre , as an IT Manager, makes my life easier, as everything is on one screen and I can manage it from anywhere"

–Mr. Sandeep, IT Manager, MaceMacro
