INAIPI SMART SOCIAL MEDIA CONNECTOR

The Inaipi Smart Social Media Connector streamlines social media management for businesses and customers by enabling agents to manage various social media platforms in one place. This helps enhance customer engagement, plan schedules, and improve agent performance.

The solution effectively routes customer messages to the appropriate agent, creating a seamless and efficient communication process. Customers can choose to connect with agents using their preferred social media channels, such as WhatsApp, Twitter, Facebook, and Instagram. This helps improve the customer support process, enhancing customer satisfaction and engagement. The social media connector creates a cohesive and efficient communication experience for customers.

With the Inaipi Social Media Connector, clients can efficiently manage and monitor their social media accounts, helping enhance customer satisfaction.

The Inaipi Social Media Connector delivers:

- **Centralized Social Media Management** enabling a centralized single dashboard for managing posts, interactions, and analytics.
- **Multi-Platform Compatibility** supporting social media platforms, such as Facebook, Twitter, Instagram, and others, helping expand coverage and enhance customer satisfaction

Features

- Supports popular social media platforms like WhatsApp, Instagram, Facebook, and Twitter.
- Delivers accurate message routing to expert agents.
- Supports voice calls, emails, and webchat, including messages containing formatting such as text, audio/video links, and emojis.
- Provides reports on social media performance with detailed analytics, including engagement metrics, follower growth, and more.
- Enables valuable insights into customer interactions with the agent platform.

Benefits

- Centralized customer service communication leads to cost savings.
- Support for most popular social media platforms and various message formats helps reach a broader customer audience and improve overall quality of service.
- Effective and automatic routing of messages to expert agents leads to more effective message handling, helps shorten response times and improve contact center efficiency and customer satisfaction.
- Single unified tool for managing multiple social media platforms helps improve operational efficiency.

Compatibility

Imperium Inaipi Smart Social Media Connector r1.0.12 with Avaya Aura Contact Center r7.1.2 and Avaya Aura Communication Manager r10.1 using Enterprise Web Chat.
